## New School Approved

### To Replace Sacred Heart

#### Building Up

New construction in Sandwich West in 1961 showed an increase of \$1,949,744, over the previous year. A total of 515 permits were issued for a value of \$6,370,243.

Residential buildings in 1961 numbered 204 as compared with 191 in 1960; 90 additions to residences as compared to 94; 31 commercial buildings as compared to 28 in 1960; 10 institutional establishments as compared to 15; 4 industrial buildings and 50 miscellaneous as compared to 13 and 26 show an overall increase in construction in the township.

According to Mr. George Hooker, Sandwich West Building Inspector; the largest single project is the Ontario Teachers College now under construction on 3rd concession road just west of Douglass Avenue.

The total value of building in 1960 amounted to \$4,420,409.

#### Receives Bursary

Jim Broughton son of Mr. and Mrs. John Broughton of 69 Matchette Road was the recipient of an Atkinson Foundation Bursary for two hundred dollars recently. Jim is in 3rd year Honours Arts at Assumption University in Windsor.

#### Hort. Soc. Meets

The Greater Windsor Horticultural Society will meet on Tuesday January 9th at 8 pm at AKO Community Centre at 4270 Alice Road at corner of Bernard.

There will be election of officers; nominating chairman will be Mrs. L. Benn.

Mr. and Mrs. Beveridge will show slides — the Title will be Armchair Travel — and will show the west coast of Canada including the Canadian Rockies; Vancouver; Victoria and Yellowstone Park.

Everyone is cordially invited and a lunch will be served at the close of the meeting.

The LaSalle Separate School Board has received from the Ontario Department of Education in Toronto approval of tentative plans for a new grade school to replace the condemned Sacred Heart School. According to Mr. H. Runstedler the chairman of the Board, permission has also been received to pass a borrowing bylaw of \$120,000 to pay for the proposed school.

Plans for the building are now being drafted by the architects and call for five classrooms and one science room. This will be a single storied structure with all classrooms at ground level thus eliminating the fire hazards of the old school.

The school board plans to locate the school on Kensington Avenue just behind the Immaculata Sch-

ool. The new location has been proposed to eliminate the hazard of children crossing the highway and for a more effective administration.

No date has been set for calling for tenders.

The old Sacred Heart School located on the west side of No. 18 highway has been condemned by the Department of Education because the failure of the building to meet the regulations of The Ontario Fire Marshall's office. The wooden floors and roof are extremely dangerous in the light of fire. This added to the fact that extensive repairs are needed and more would be arising force the Board to forego plans to remodel the building.

#### Review Garbage Situation

The present system of garbage collection in the LaSalle area will be scrutinized and possibly tenders called for — according to Reeve Lawrence Brunet.

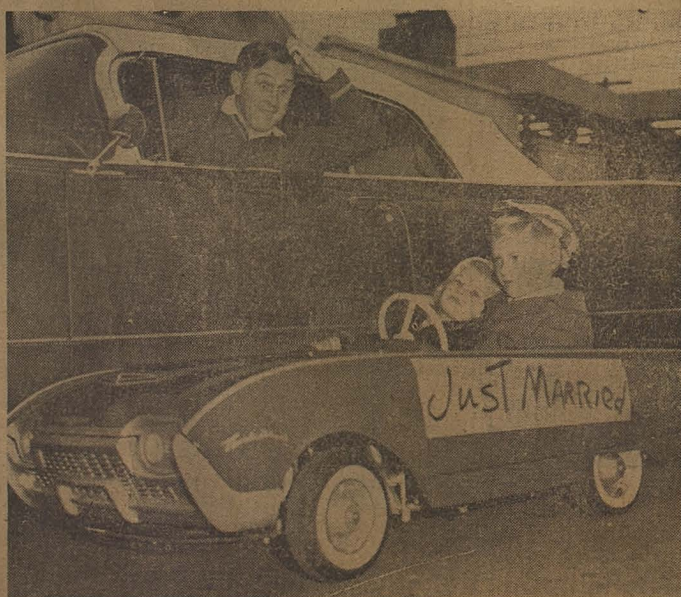

Several residents have complained to the Township concerning advance payment to the collector. Payments of 15 dollars must be made before any collection will commence.

The Reeve will study the situation and discuss it with the residents at a meeting to be held to consider drainage for the No. 18 Highway in the Township.

No date for the meeting has been set, but all concerned residents will be notified in advance.

**MAN WITH** a mammoth mission, Dr. Norman Alcock of Oakville, Ont., gave up a \$15,000-a-year job as a nuclear physicist to dedicate his time to discover a formula for world peace. He hopes to form the Canadian Peace Research Institute, an association to study disarmament and peace in a "scientific, methodic manner."

MINIATURE SPORT cars like the above are being imported into Canada for about \$800 and they're small enough to startle the most composed motorists. The cars run on a battery at speeds up to 10 mph. Cap Hobb of New Westminster, B.C., clowns as he stares down at his "just married" son and daughter, Glen and Jean.

#### Century Winners

Winners of last month's drawing of the Century Club were:

\$50: Hilda Boismier

\$10 each: Elaine Seguin; Corinne Reaume; Ethel Degre; Harry Boismier; Joseph Faucher.

## Eyes Too Big for Stomach

By R. F. STEELE

As the annexation hearings grow nearer Windsor Mayor Patrick has been expounding his various reasons for supporting the city bid for the suburbs. The hula-bloo boils down to 3 items: more room for industrial expansion; a need for overall area planning; and improved community services.

Surely the good Mayor of Windsor does not hope to fool the voting public with his story of industrial expansion; much less the Ontario Municipal Board. The Mayor and Council could better use their time finding the cause of the city's industrial contraction and a remedy for it. Annexation is not an answer for this problem. It would serve only to increase the size of their woes; or at best — the industry in our suburbs would temporarily soften the blow of depleted tax money caused by the recent loss of industry in Windsor.

The list of major plants which have left Windsor for greener pastures is staggering to say the least. — But the exodus is not over yet. Rumours are flying about another four companies of no small size.

Perhaps the fault cannot be laid entirely on city halls door but the do nothing attitude of the present administration will have a lot to explain come Windsor's next election. The loss suffered by the city when an industry moves out is difficult to calculate. Not only is there loss of business tax and payroll but a loss of residential tax as

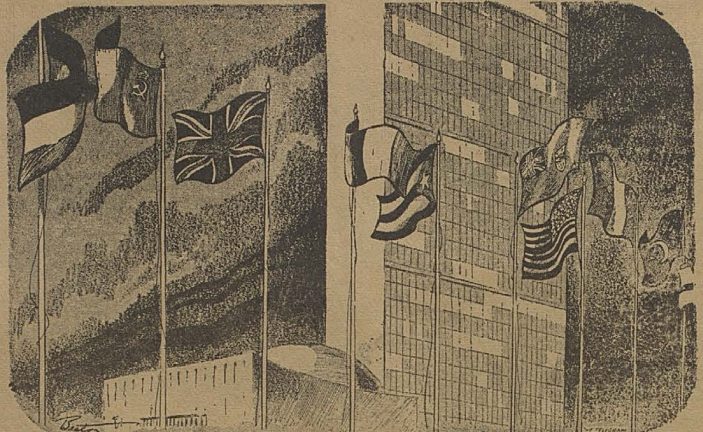

employees move with their job. These same employees usually suffer a hard loss when forced to put their homes on an already crowded market.

As for overall area planning, Windsor would do well to clean up her back yard first. Area planning in the hands of the Windsor administration could scarcely fair better when you consider the lack of planning in her most important problem — her loss of industry. There has been much talk but no action on harbour accommodations. This is most important since freight charges are a deciding factor in plant location. There is no concrete plan to encourage small businesses in the city to flourish and expand. This could give Windsor the sought-after diversitivity in industry.

Municipal services in the suburbs need no defense: While they are not all they should be — they at least show some prospect of improvement.

However the members of the Ontario Municipal Board are men well versed in their job. Mr. Kennedy is a one time Windsor resident and knows the area and its problems. They will readily see through any imperfections in the city application.

The good Mayor would be well advised to till his own yard before attempting to farm his neighbours.

IN ALL DIRECTIONS

### Appointed for Radio

The Roman Catholic Bishop of the Diocese of London John C. Cody has named Mr. and Mrs. Lou Tomasi of Leamington as members of a permanent Diocesan Committee for Radio and Television. They will represent the Windsor area.

Mr. Tomasi is Production Manager of Radio Station CJSP. The committee was established be-

cause of what His Excellency called the increasing importance of the Radio and Television Apostolate. Rev. Arthur Meloche of Oxley has been appointed as Chaplain for the committee.

The committee will coordinate local Roman Catholic broadcasting efforts and cooperate with national Radio and TV Centre recently established under the direction of Reverend F. Stone of Toronto.

### PTA to Meet

The January meeting of St. Pauls PTA will be held on Monday January 8th at 8 o'clock in the school. Parents may visit with Teachers from 7:30 until 8. Interviews should be brief so as many parents as possible may be able to consult the Teachers.

## Sport Corner

## Mohawks Shut Out Bombers

The Sandwich West Mohawks started this New Year on the right track Wednesday evening at Essex Arena by whipping Essex Bombers 5-0. The win thwarted a drive by the Essex club to overtake the Township team for second place.

There was no scoring in the first period but the Hawks turned it on right at beginning and poured 14 shots at young Ron McDermott in the Essex cage. Near the end of the period this tide of battle changed however and Essex swarmed all around the Sandwich West goal but were unable to beat John Stoyonovich who made several key saves.

In the second period the play roughened up considerably. Fights and shoving duals were prevalent early in period before both

Teams settled down to some fast breaking hockey. Marcel Mi-reault of the Mohawks who currently leads the League in scoring drove home the first goal of the game taking the pass from Paul White. White then came on taking the pass from Gerry Bergeron at center; worked into a corner with the Bomber defence then stickhandled his way out and scored the best goal of the night. Then Gerry Bergeron teamed up with Murray Hill and Paul White, scoring the Mohawks 3rd goal to give the Township a fat 3-0 lead at the end of the period.

For the Mohawks Stoyonovich played very well in our nets.

Next Wednesday the Mohawks play Leamington Indians at Essex Arena — game time 8:45 pm.
